Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The prior art of Mouri was commonly owned has 102(e) date and does not utilize the degassification carrier. In the Japanese disclosures the degassification carrier is not added and the degassification process occurs by heating instead of shear stress as required by the present invention. The examiner indicated that the prior art is not applicable against present claims and reserved right for secondary search once applicant's response is submitted.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
